

Special Report: Private Credit – Better than Ever

THE LEAD | January 28, 2021

Beginning in August 2020 The Lead Left published a series of articles on the state of private credit in a COVID environment. This report consolidates those articles.

- Private Credit Trends Today
- Post-COVID Private Credit: Leverage & Pricing
- Private Credit: What Recession?
- Private Credit: Should investors be worried?
- Private Credit: Outlook for 2021

Private Credit – Better than Ever
